Eagle Mania

August 14–24

Eagle Mania's primary purpose is to facilitate the integration of new students and to warmly welcome returning Eagles by coordinating events, programs, and services.

This objective is achieved by establishing the academic and social expectations of the university in relation to the Eagle Promise and the institution's strategic plan, introducing support personnel, and identifying personal and professional development resources.

Eagle Mania seeks to improve the university's retention efforts by fostering a sense of belonging among students, facilitating their integration into the Nest community, providing clarity on institutional requirements, and increasing awareness of available resources.
